July 2025

A New Season of Communication: Quarterly and With Purpose

At Rainbows, every decision we make is grounded in our Mission—to enhance the lives of children with disabilities and their families—and guided by our commitment to excellence. As we grow and evolve, so does the way we communicate. Beginning this summer, we're shifting from a monthly newsletter to a thoughtfully crafted quarterly publication.

Each edition will reflect the authentic spirit of Rainbows: the tiny miracles, the unwavering advocacy, and the daily moments of joy that remind us why we do what we do.

We believe this new rhythm will give our team the space to create with intention and share with impact—because your time and trust matter. Thank you for standing alongside us. We can't wait to continue this journey with you, one powerful quarter at a time.

Humbly,

Rachel Banning

Rachel Banning, President

Camp Woodchuck families, volunteers, and Rainbows' staff enjoyed burgers and hotdogs courtesy of **Security 1st Title**. Thank you for the wonderful meal and special gathering. Grillmasters for the day were Bobby T, Ethan P, Josh G, and Kamryn G.

Hero for unexpected bus repair

A huge hooray to the **Wichita Foundation** for their generous gift to repair our bus after it struck a pothole during the recent storm, bending a wheel and putting it out of service.

As a longtime supporter of Rainbows, their constant generosity and commitment mean so much to us. In unexpected moments like these, they are quick to demonstrate the very best our community has to offer.

Thank you for always being there when we need you most.

Kids' Point garden flourishes thanks to volunteers

We were thrilled to welcome a team from Walmart recently as they came together with **Wichita Federal Credit Union** to set up a beautiful raised garden at Kids' Point.

Sponsored by **Walmart Supercenter** on East Kellogg, the garden will give students the chance to grow flowers and vegetables—an experience that will nurture their

love for nature. Gardening has been shown to support early childhood development by enhancing fine motor skills and fostering social-emotional growth. Even more exciting, our new friends will continue to support the little gardeners as they care for the plants and watch them grow.
